PROFILE

Infrastructure and systems engineer with 15+ years of Linux administration experience. I design and operate reliable Linux platforms, automation pipelines, and email delivery infrastructure — the foundations that keep applications fast, observable, and recoverable. Hands-on with PostgreSQL, container orchestration, configuration management and monitoring, writing the Python / PHP / Go / Rust / Bash glue that ties it all together.

EXPERIENCE

2025 – Present
System Administrator
Super · Bratislava
Systems administration and server operations for a high-availability production environment.

2019 – 2025
Infrastructure Lead
Muziker, a.s. · Bratislava
Led infrastructure for one of Europe's largest online music retailers. Architected PostgreSQL, on-prem & cloud infrastructure, automation pipelines, and monitoring.

2013 – 2019
Email Marketing Specialist & Cloud Infrastructure
Hyperia s.r.o. · Žilina
Hybrid role across cloud infrastructure operations and large-scale email delivery. Built and maintained sending infrastructure and deliverability systems.

2017 – 2018
Email Marketing Specialist
Bezvafinance s.r.o. · Žilina
Campaign delivery, segmentation, and deliverability for the fintech sector.

2012 – 2013
IT Specialist
INTESPOL s.r.o. · Michalovce
Workstation and server support, network maintenance, end-user troubleshooting.
